ADVISORY

Parents are informed that they should not allow their children to drive automobile lifts like two wheelers (Scooty and Scooters or Bikes) geared or gearless, as the most of the children upto the 10th grade are of the age group of under 16 years. This age group is not eligible for driving a vehicle under rules.

Moreover, the age is fall of hormonal flow where the child is thrilled by the speed and mischief. Thereby they are subject to fatal risks. It is advised that all parents should discourage drive to school going children.

It is also informed that the institution will not allow children with self automobile lift into the institution. if any child, however, uses the self arranged lift as against the school norms and also against the traffic rules, the vehicle will not be allowed into the school premises. Any mishap with the child or the vehicle shall be at the risk and responsibility of the parents.
