## Parents Opting For Private Transport

Circular No.: Ext-03-2025-2026

Dated: 30-04-2026

Parents who opt for private transport for their wards are requested to ensure that the vehicle and driver are properly verified and that all safety norms are strictly followed. The school expects full cooperation from parents in this regard, as the safety and well-being of students is our top priority. These precautions align with standard school transport safety advisories, which emphasize driver verification, valid vehicle documents, and safe transport arrangements for children.

Please check and ensure the following facilities/precautions:

- Pick up and drop off students according to the school schedule. Early or late pick-up and drop-off will not be allowed.
- Do not overload the vehicle. Carry only the number of students permitted under RTO rules.
- Do not run more than one shift, as it disturbs the pick-up and drop-off system.
- Ensure that a camera and speed governor is installed.
- Ensure that the driver holds a valid driving license.
- Ask the driver to escort the students up to the school gate during pick-up and drop-off timings.
- Ensure that your ward does not have to wait for the vehicle on the road at the time of departure. The school authorities will not be responsible in such cases.
