

Iqra Educational Institute

SDA Colony Bemina, Srinagar

National Education Policy 2020

Circular No.: Ext-10-2023-24

Dated: 26-07-2023

In the paradigm shift from the existing system of education to the New system, a lot of steps need to be taken. Its induction in short notice could have created chaos and confusion in the parents as well as in the administration. As such strategic handling of the situation has helped us to be on the side.

We have taken a lot of steps in this regard. In the initial phase some of the parents felt disturbed, this is but natural, but with the passage of time most of the parents realized the advantages of the steps taken; it needs a lot of patience, In Shaa Allah, everything will be alright. The steps already taken include.

- No bag policy for LPD has been implemented, thank God, the result achieved are promising. It has helped in reducing the bag load on the kids to zero. Their shoulders are free from the burden and open for other physical activities of their interest. Parents slowly and sturdily have realized the importance of the steps.
- No home work upto grade 2nd. In the foundational stage, the institution has restricted the teachers from over burdening these kids with home work. All the concepts are cleared in the class and also some time is given for practice of the concepts. As such, there is no need of giving them home work as it used to be. These kids are stress free at home and they could use this time for physical, emotional and social development, **still there is room for improvement.**
- Examination phobia. The assessment and evaluation system has been made informal and indirect. **Our aim is “No exam stress on the students”**. Children are assessed indirectly on cumulative basis. The process is on, the goal will be achieved very soon.

Further steps are in line and on table. These steps will be implemented in slow but sure process.

Be cooperative and patience and you will see the positive results will be achieved.
